FAUNISTIC RECORDS FROM THE CZECH REPUBLIC – 224

Diptera: Heleomyzidae

Scoliocentra collini Woźnica, 2004. Bohemia or., Dobruška env., Chábory (5763), 22.iii.1968, 1 ♂, V. Martinek leg. (et det. as *S. brachypterna* in 1991), K. Dvořáková revid., coll. Museum of Eastern Bohemia (Hradec Králové). *Scoliocentra collini* was separated from the common Palaearctic species *S. brachypterna* (Loew, 1873) by Woźnica (2004). According to Woźnica (2004), *S. collini* is a rarely collected montane species, so far known from Great Britain, Norway, Sweden, and Switzerland. The material of *S. brachypterna* identified before 2004 needs a revision. New species for the Czech Republic.

Scoliocentra scutellaris (Zetterstedt, 1847). Moravia bor., Králický Sněžník National Nature Reserve, Mokřiny, Prudký potok spring area (5867), Malaise trap, 4.vii.2005, 2 ♂♂, J. Ježek leg., J. Preisler det. et coll.; Bohemia bor.: Jizerské hory Mts., Jizerskohorské bučiny National Nature Reserve, Špičák Mt. (5156), pan traps with dung, 2.iv.-12.iv.2004, 2 ♂♂, J. Preisler leg., det. et coll.; Frýdlant v Čechách, Křížový vrch Nature Reserve (5056), meat trap, 28.x.2004-16.iv.2005, 2 ♂♂, J. Preisler & P. Vonička leg., J. Preisler det. et coll. A rare West European species preferring higher altitudes (Martinek 2001). In the Czech Republic recorded from the Krkonoše Mts. and the Šumava Mts. (Martinek 1969, 2001). Additional records from Bohemia; new species for Moravia.

MARTINEK V. 1969: Zajímavější druhy dvoukřídlého hmyzu z čeledi Helomyzidae [sic!] (Diptera-Acalyptrata) v Krkonoších. (More interesting species of two-wing insects from the family Helomyzidae (Diptera-Acalyptrata) in the Giant Mountains (Krkonoše)). *Opera Corcontica*, 6: 51-75 (in Czech, English summary). – MARTINEK V. 2001: New or scarce Acalyptrate flies (Diptera) found in the forests of the Czech and Slovak Republics. *Journal of Forest Science*, 47: 523-528. – WOŹNICA A. J. 2004: Redescription of Scoliocentra (Leriola) brachypterna (Loew, 1873) (Diptera: Heleomyzidae) with description of a new species from Europe. *Polskie Pismo Entomologiczne*, 73: 327-338.
